

# You're Invited!

Come join us so we can work together to make an *even better Bellevue!*

As an active participant in the King County 10-year plan to end homelessness, Holy Cross Lutheran Church of Bellevue invites you to a community forum on the use of the Holy Cross property. The discussion will be facilitated by a representative of A Regional Coalition for Housing (ARCH).

This is an open invitation to share ideas of how Holy Cross can join with our neighbors to address the needs of our community regarding affordable housing and the environment. We wish to share with you our current thoughts on land use, and discuss how we might meet the goals and needs of the larger community. We want to hear your ideas and concerns.

Light refreshments will be provided.
